Experience

NOV 2023- Present
Fame business solution
Laravel developer

Throughout my tenure at Fame business solution, I've embraced a pivotal role in architecting, refining, and sustaining resilient Laravel applications. Concurrently, I've demonstrated adeptness in React development, significantly enriching our technological ecosystem. My journey at Fame business solution has played a vital role in refining my PHP and Laravel expertise, ultimately leading to proficiency in constructing efficient and scalable web applications, thereby optimizing performance.

Nov 2022- NOV-2023
BMA CAPITAL, Karachi
PHP Laravel + React developer

During my tenure at BMA Capital, I have taken on the crucial role of designing, developing, and consistently upkeeping robust Laravel applications. Additionally, I have demonstrated my proficiency in React development, contributing to the overall technological landscape. Through my experiences at BMA Capital, I have finely tuned my abilities in PHP and Laravel development, achieving expertise in crafting web applications that are both efficient and scalable, ensuring optimal performance.

JUN 2021- NOV-2022
Elite blue technologies, karachi
Laravel developer

After successfully completing a rigorous 3-month full-time internship focused on Laravel development, I was thrilled to be offered a position as a junior Laravel Developer. Throughout my tenure, I have actively contributed to the creation of diverse web applications utilizing the Laravel framework. My professional journey has equipped me with a comprehensive skill set in PHP (Laravel) and a profound grasp of application design principles within the Laravel ecosystem. Moreover, I possess a proven track record of building robust and efficient Laravel REST APIs.
